CRIME IN COLORADO

**Colorado
Bureau of
Investigation**

1980

Richard D. Lamm, Governor

Department of Local Affairs Colorado Bureau of Investigation

John R. Enright, Director

The following report is one of the by-products of the CBI Crime Information Program. It is designed to provide a statistical picture of crime in Colorado during 1980.

In addition to presenting a review of the nature and extent of criminal activity statewide, it allows for comparative studies between agencies. By utilizing past reports, crime trends can be developed on a year to year basis.

The data used in the preparation of this report has been furnished by over two hundred Colorado law enforcement agencies. We are grateful to the Sheriffs and Chiefs of Police for their participation and generous support.

John R. Enright
Director

IN MEMORIAM

Patrolman First Class Augustus Joseph "Tim" Perreira

Born: May 25, 1952 in Brooklyn, N.Y.

Killed in the line of duty: April 12, 1980

On the morning of April 12, 1980, Officer Perreira responded to a disturbance call at a convenience store in Colorado Springs. After having escorted the suspect from the building, the suspect pulled a gun and shot Officer Perreira five times. Patrolman Perreira, a two year veteran with the Colorado Springs Police Department, was the only Colorado Law Enforcement Officer feloniously killed in the line of duty during 1980.

This book is dedicated to all the brave men and women who serve our society at the risk of making the supreme sacrifice.

24-32-401 Colorado Bureau of Investigation

There is hereby created an agency of state government which shall be known as the Colorado Bureau of Investigation, referred to in this Part Four as the "bureau" and which is placed under the Department of Local Affairs of the state of Colorado as a division thereof.

24-32-412 (1) (C) Functions of Bureau

24-32-412 (5) To assist the bureau in its operation of the Uniform Crime Reporting Program, every law enforcement agency in this state shall furnish such information to the bureau concerning crimes, arrest, and stolen and recovered property as is necessary for uniform compilation of statewide reported crime, arrest and recovered property statistics. The cost to the law enforcement agency of furnishing such information shall be reimbursed out of appropriations made therefor by the general assembly; except that the general assembly shall make no such reimbursement if said cost was incurred in a fiscal year during which the Colorado Crime Information Center was funded exclusively by state or federal funds.

INTRODUCTION

Two hundred thirteen Colorado law enforcement agencies reported crime statistics to the Colorado Bureau of Investigation during 1980. This included 62 Sheriff's departments and 151 municipal and other local agencies.

The on-line incident by incident phase of the State Crime Statistics Program included 41 of the above agencies. This direct input is supplemented by the entry of the hard copy summary reports by the CBI staff. The statistics are collected and stored in the Colorado Crime Information Center (CCIC) computer.

Agencies reporting Part II offenses to the CBI via CCIC receive monthly and annual summary reports from the CBI concerning those Part II incidents.

TRAINING ASSISTANCE

The CCIC staff provides continuing quality control, monitoring, and training assistance to the personnel of over 250 criminal justice agencies statewide. This assistance insures that accurate, complete, and properly classified crime information is identified, recorded, and reported.

Files maintained relate to crime, arrests, arrest disposition, fugitives, and stolen and/or recovered property. The CCIC staff also assures proper use by over 2,000 terminal operators of the state and national law enforcement telecommunications systems.

INDEX OFFENSE DEFINITIONS

These terms are defined uniformly nationwide to assure reasonable validity in comparing one state's reported crime to that of another state, regardless of differences among states' statutes.

1. **Criminal Homicide** - The willful killing of one human being by another.
2. **Forcible Rape** - The carnal knowledge of a female forcibly and against her will.
3. **Robbery** - The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or putting the victim in fear.
4. **Assault** - The unlawful attack by one person upon another.
Aggravated Assault - An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault is accompanied by the use of a weapon or by means likely to produce death or great bodily harm.
5. **Burglary** - The unlawful entry of a structure to commit a felony or a theft.
6. **Larceny-Theft** - The unlawful taking, carrying, leading or riding away of property from the possession or constructive possession of another.
7. **Motor Vehicle Theft** - The theft or attempted theft of a motor vehicle.

THE INDEX OF CRIME

The crime index consists of the seven most commonly reported offenses which compose the Part I crimes: murder, forcible rape, robbery, aggravated assault, burglary, larceny-theft, and motor vehicle theft. (Excludes "manslaughter by negligence and simple assaults"). The tabulations on the following pages present a summary picture of Part I crimes for the State of Colorado. Reference to the definitions of each of these crimes should be made for a more precise understanding of what kinds of criminal activity these statistics represent.

The seven index crimes are also divided into two groups to enable further analysis. The categories and their components are:

VIOLENT CRIMES

Murder
Forcible Rape
Robbery
Aggravated Assault

PROPERTY CRIMES

Burglary
Larceny-Theft
Motor Vehicle Theft

For 1980, both the number of actual offenses reported and the rate of occurrence increased. The crime rate is the number of actual crimes reported for every 100,000 inhabitants. Based upon a 1980 estimated Colorado population of 2,888,834 the crime rate rose 9.5% while the actual number of reported offenses increased 16.4%. Both the violent crime and property crime totals increased in 1980. The chart below reflects those changes.

	Statewide 1980		Statewide 1979		Statewide Change Over 1979	
	Number	Rate	Number	Rate	Number	Rate
VIOLENT CRIME	17,077	591.3	14,369	529.1	+ 18.8%	+ 11.8%
PROPERTY CRIME	208,977	7236.0	179,862	6622.3	+ 16.2%	+ 9.3%

1979 Estimated Population 2,716,000 - Crime Index Value = 27.16

1980 Estimated Population 2,888,834 - Crime Index Value = 28.88

Summaries by Jurisdiction

The following pages summarize crime reported by type of offense, by reporting jurisdiction. If an agency name is missing, or if no reported crime is shown, it is because either no reports were received from those agencies, or they reported through their sheriff's office. For some agencies, the breakdown within a crime type was unavailable. In those counties, the total figure for any given crime will be correct, but the breakdown will reflect only those agencies for which we had data.

COLORADO ARREST DATA

Submitting agencies are required to report monthly the number of arrests made for offenses committed within their jurisdictional limits.

There is no direct correlation between persons arrested, the number of offenses reported or the number of offenses cleared. Several persons could be arrested for the same offense or the arrest of one person may clear several offenses. A person is counted only once each time arrested. Therefore, if a person is arrested but wanted for several crimes within the same jurisdiction, he or she would be scored only once for the most serious crime in accordance with the hierarchy rule. The same process is applicable whether the arrestee is adult or juvenile.

Volume and Rate

Reported arrests in Colorado totaled 165,525 for Part I and Part II crimes in 1980. This represents a 11.0% increase over 1979. There were 5,732.0 arrests per 100,000 persons in 1980 as compared with 5,511.1 per 100,000 persons in 1979. Part I arrests accounted for 26.0% of the total arrests. Of those Part I arrests, Larceny-Theft comprised the greater portion with 15.2%. The greatest percentage of Part II arrests were for All Other Offenses (except traffic), 24.0%, followed by Driving Under the Influence, 12.0%. During 1980, arrests for violent crimes (Murder, Forcible Rape, Robbery and Aggravated Assault) accounted for 13.0% of all Part I arrests and 3.3% of the total arrests.

Arrests by Age

The number of persons under the age of 18 (Juvenile) arrested during 1980 decreased 4.0% over 1979. Arrests of juveniles for Part I crimes decreased 5.0% compared to 1979. The number of persons over the age of 18 (Adult) arrested during 1980 increased 16.0% over 1979. Arrests of adults for Part I crimes increased 5.0% compared to 1979.

COLORADO UNIVERSITIES AND COLLEGES

Data in the following tables reflect crime reported by individual college and university law enforcement agencies in the state for 1980. In the majority of the cases, the data provided here have been included in the statistics reported by the law enforcement agency in whose jurisdiction the college or university is located. Thus, the information which follows is at least a partial duplication of the tables which precede this section. The purpose of presenting the information separately is to depict the extent of crime on college and university campuses in Colorado

Statistics for Denver University, Auraria and C. U. Health Sciences Center are included in the Denver Police Department summaries.

THE COLLEGE AND UNIVERSITY INDEX OF CRIME

To facilitate analysis of crime trends on Colorado college and university campuses, a report of index crime follows.

The seven index crimes reported are: murder, forcible rape, robbery, aggravated assault (not to include "other assaults-simple"), burglary, larceny-theft, and motor vehicle theft. Definitions of these crimes were provided earlier in this report.

Population data will vary from month to month. Therefore, the crime index is based on the total state population.

CRIMINAL HOMICIDE - SPECIAL SUPPLEMENT

Criminal homicide is defined as the willful killing of one human being by another. It is the one offense in the Crime Statistics Program for which detailed information is received for each reported offense. This type of data collection permits the analysis of homicides in terms of characteristics of the victims, the offenders, and the circumstances surrounding each offense. The benefits of this type of analysis are apparent. Namely, simple offense counts are complimented with the examination of complicated interrelationships ultimately producing a much more informative and functional overview of homicide offenses.

In this report, basic homicide data is focused on certain victim, offender, and weapon characteristics. These characteristics provide us with a contrastive profile of homicide in the state of Colorado.

VOLUME AND RATE

The following data applies only to murder and non-negligent manslaughter and does not encompass negligent manslaughter. In 1980, there were 197 murders and nonnegligent manslaughters that were reported and determined as actual. During 1980, murder and non-negligent manslaughter accounted for 0.08% of all index crimes and 1.2% of all violent crimes. The 1980 statewide total increased by 33 cases or 20.1%. Furthermore, one murder or non-negligent manslaughter occurred every 44 hours and 36 minutes. The frequency of incidences during 1980 was greatest in the month of November, when 22 homicides occurred. During March, 8 homicides were recorded, depicting the lowest monthly volume reported in 1980.

THE VICTIMS

In 1980, 197 persons were reported as victims of homicide by means of murder or non-negligent manslaughter. The male was more likely to be a victim, accounting for 67%, compared to the female, accounting for 33%. By age, the majority of victims ranged between the ages of 15 to 39. The 20-24 age group accounted for the highest number of homicide victims, 18%. Analysis by race disclosed that of all the victims, 80% were White,⁽¹⁾ 18% were Negro and 2% were Indian.

(1) White includes persons of Mexican or Spanish-American ancestry who are not definitely Indian or another non-White race as defined in federal guidelines.

THE OFFENDER

In the area of known perpetrators, 205 persons were identified by one or more of the following characteristics: age, sex, or race. The male represented 60%, whereas the female represented 13%. There were 27% of the cases where there was no information available. Examination of known offenders by age revealed the largest number of offenders fell between 15 and 34. The offenders in the 25-29 year age bracket displayed the largest number of offenders, 15%. Offender analysis by race indicated that 51% were White,⁽¹⁾ 20% were Negro, 1% were Indian, and the remaining 28% unknown.

VICTIM-OFFENDER RELATIONSHIPS

A study of victim-offender relationships revealed 32% were situations where victims were killed by offenders who were acquaintances. Further analysis disclosed 16% of incidents involved strangers, 31% consisted of circumstances where no relationship could be established, and 11% were attributed to episodes between spouses. Instances involving family members accounted for 2% and the parent/child relationship represented 8%.

Richard D. Lamm, Governor

Department of Local Affairs Colorado Bureau of Investigation

John R. Enright, Director

The following pages present a statistical picture of crime in Colorado as it was reported to Sheriffs and Chiefs of Police during 1981. We are indebted to them for providing the information that made this report possible.

Through the utilization of this document legislative and executive authorities can determine the relative seriousness of crime within specific geographical areas and the State as a whole. We encourage use of these figures by all those seeking ways to reduce crime with its inherent and incalculable human suffering.

The Colorado Bureau of Investigation would be pleased to answer any specific questions concerning this report or any other facet of criminal activity which may be available in our records.

INTRODUCTION

Two hundred sixteen Colorado law enforcement agencies reported crime statistics to the Colorado Bureau of Investigation during 1981. This included 62 sheriffs' departments and 154 municipal and other local agencies.

The on-line incident by incident phase of the State Crime Statistics Program included 48 of the above agencies. This direct input is supplemented by the entry of the hard copy summary reports by the CBI staff. The statistics are collected and stored in the Colorado Crime Information Center (CCIC) computer.

Agencies reporting Part II offenses to the CBI via CCIC receive monthly and annual summary reports from the CBI concerning those Part II incidents.

TRAINING ASSISTANCE

The CCIC staff provides continuing quality control, monitoring, and training assistance to the personnel of over 250 criminal justice agencies statewide. This assistance insures that accurate, complete, and properly classified crime information is identified, recorded, and reported.

Files maintained relate to crime, arrests, arrest disposition, fugitives, and stolen and/or recovered property. The CCIC staff also assures proper use by over 2,000 CCIC terminal operators of the state and national law enforcement telecommunications systems.

The crime index consists of the seven most commonly reported offenses which compose the Part I crimes: murder, forcible rape, robbery, aggravated assault, burglary, larceny-theft, and motor vehicle theft. (Excludes "manslaughter by negligence and simple assaults"). The tabulations on the following pages present a summary picture of Part I crimes for the State of Colorado. Reference to the Uniform Crime Reporting definitions of each of these crimes should be made for a more precise understanding of what kinds of criminal activity these statistics represent.

The seven index crimes are also divided into two groups to enable further analysis. The categories and their components are:

VIOLENT CRIMES

Murder
Forcible Rape
Robbery
Aggravated Assault

PROPERTY CRIMES

Burglary
Larceny-theft
Motor Vehicle Theft

For 1981, both the number of actual offenses reported and the rate of occurrence decreased. The crime rate is the number of actual crimes reported for every 100,000 inhabitants. Based upon a 1981 estimated Colorado population of 2,967,468 the crime rate fell 8.3% while the number of reported offenses decreased by 5.0%. Both the violent crime and property crime totals decreased in 1981. The chart below reflects those changes.

COLORADO ARSON REPORTED

Beginning in 1980, the Federal Bureau of Investigation began gathering statistics on arsons nationwide. This is the first year that arson figures appear in the Colorado annual report.

Although considered a Part I crime, Arson is reported separately from all other index crimes. Arson is the only offense which is reported regardless of what other crimes may have occurred in conjunction with the arson.

SUMMARY OF ARSON STATISTICS

	<u>1980</u>	<u>1981</u>
Reported Incidents	1,499	1,736
Total Dollar Loss	\$ 9,113,083	\$ 9,846,484
Average Dollar Loss Per Incident	\$ 6,079	\$ 5,671

In 1981, reported arsons increased 14% over 1980. The estimated dollar loss in 1981 was 7% higher than in 1980. However, the loss per incident fell 7% in 1981.

In 1981, 397 or 22.9% of all arsons were cleared. No clearance figures are available for 1980.

COLORADO ARREST DATA

Submitting agencies are required to report monthly the number of arrests made for offenses committed within their jurisdictional limits.

There is no direct correlation between persons arrested, the number of offenses reported or the number of offenses cleared. Several persons could be arrested for the same offense or the arrest of one person may clear several offenses. A person is counted only once each time arrested. Therefore, if a person is arrested but wanted for several crimes within the same jurisdiction, he or she would be scored only once for the most serious crime in accordance with the hierarchy rule. The same process is applicable whether the arrestee is adult or juvenile.

Volume and Rate

Reported arrests in Colorado totaled 177,454 for Part I and Part II crimes in 1981. This represents a 7.2% increase over 1980. There were 6,145 arrests per 100,000 persons in 1981 as compared with 5,732 per 100,000 persons in 1980. Part I arrests accounted for 23.0% of the total arrests. Of those Part I offenses, Larceny-Theft comprised the greater portion with 64.0%. The greatest percentage of Part II arrests were for All Other Offenses (except traffic), 33.0%, followed by Driving Under the Influence, 19.0%. During 1981, arrests for violent crimes (Murder, Forcible Rape, Robbery and Aggravated Assault) accounted for 12.0% of all Part I arrests and 2.9% of the total arrests.

Arrests by Age

The number of persons under the age of 18 (Juvenile) arrested during 1981 decreased 1.8% over 1980. Arrests of juveniles for Part I crimes decreased 3.7% compared to 1980. The number of persons over the age of 18 (Adult) arrested during 1981 increased 9.9% over 1980. Arrests of adults for Part I crimes increased .3% compared to 1980.

Arrest by Sex

Of the 177,454 total arrests in 1981, the greatest percentage of arrests were male, 81.2%, an increase of .2% over the 1980 total male arrests. Females accounted for 18.8% of the 1981 total arrests, a decrease of 1.2% under the 1980 arrests.
